Russell Carries Civil Rights Fight Direct to Eisenhower

Helicopter Takes Hiker To Hospital

Difficult Landing Made by Air Force Craft

SEQUOIA KINGS CANYON NATIONAL PARKS, Calif. — An injured hiker was evacuated from rugged terrain of Kings Canyon National Park today in a high altitude flight by an Air Force helicopter.

John F. Scott, 23, a University of California graduate student from Stockton, Calif., was loaded into the craft in less than four minutes at the south end of Palisades Lake. The H21 helicopter soared into the air at 8:52 a.m. p.d. for the 30 miles return flight p.d. for the 30 miles return flight to the Sierra Nevada.

A RESCUE PARTY with Scott spotted the helicopter 10 minutes earlier. The craft landed while a light plane circled slowly overhead, radioing instruction to the ground crew on how to move Scott's stretcher into position for a fast pickup.

The helicopter was flown to Bishop early today from Edwards Air Force Base while a crew of 12 volunteers climbed into the area to help carry Scott through the rugged terrain in a grueling pack trip if the flight proved unsuccessful.

AN ORIGINAL plan to evacuate Scott by helicopter was abandoned because of extreme air turbulence. The Air Force offered to try the pickup, however, after a physician examined Scott and advised that his injuries required hospital treatment as soon as possible.

Scott tumbled about 40 feet Sunday while hiking with five other students on 14,000 foot high North Palisades Peak. He was stranded on a ledge until Monday night when expert climbers reached the scene and lowered him about 2,000 feet to the base of the mountain.

Heavy Quake Reported Today In Panama Area

PASADENA, Calif. — An earthquake described as potentially destructive was recorded at 2:12 a.m. p.d. today by the California Institute of Technology seismological laboratory.

Dr. Charles Richter, head of the laboratory, said the shock had an intensity of 6.6. He said it was located at a distance of 2,900 miles from here, probably in the area of western Panama near the Costa Rican border.

THE WEATHER

Desert area forecast: Variable cloudiness today through Thursday. Scattered thundershowers. Little temperature change. Highs today 102-110. Yesterday's high was 111; low 78.

Thousands Greet Two Red Leaders

Czechoslovaks Cheer Russian Leaders in Prague

PRAGUE, Czechoslovakia, — Dense throngs of Czechs poured into the heart of the city early today to greet Nikita S. Khrushchev and Premier Nikolai Bulganin at the start of the Soviet leaders' nine-day official visit.

The crowd in City Hall Square had been matched only once before this year — when American Olympic athlete Harold Connolly of Boston cut through Iron Curtain tape to marry his Czech Olympic sweetheart, Olga Fioltova.

THE GLOBE TROTTER Soviet glad hands arrived by train at 9 a.m. at Prague's Central Station and were greeted by a crowd of 200,000 which packed the square in front of the station.

Czech Communist Party leaders including President Antonin Zatopecky were in the reception committee.

Czech and Soviet flags decorated the entire city. There were huge banners proclaiming "Long live Russian - Czech friendship." Troops and police lined the Russians' route.

BULGANIN AND Khrushchev arrived in Czechoslovakia from Lvov in the Ukraine where they had flown from Moscow. They immediately set out on a whistle stop campaign through the eastern provinces like two electioneering politicians. They kissed small girls, received bouquets and made speeches from railroad cars.

At one point Khrushchev referred to the Soviet purge of last week of the Molotov trio:

"We took the black sheep by the tails and threw them out. The Communist Party of Czechoslovakia fully supports us and the decisions of the Soviet party congress. That is friendship."

Missing Plane Found in B.C.

SEATTLE — A light plane reported missing with four persons aboard landed safely at its destination at Patricia Bay, B.C., the Coast Guard here reported today.

The Coast Guard said the plane, piloted by George E. Sterling, Sepulveda, Calif., landed Tuesday afternoon but Sterling failed to report in on landing.

Pakistan Leader Arrives Today

WASHINGTON — Prime Minister Huseyn Shaheed Suhrawardy of Pakistan, one of America's strongest supporters in Southeast Asia, arrives here today for a three-day goodwill visit.

Hells Canyon Proponents Win Week's Vote Reprieve

WASHINGTON — Proponents of legislation for a federal high dam at Hells Canyon took advantage of absenteeism today to win at least a one week reprieve for the embattled measure.

The House Interior Committee was scheduled to meet at 7 a.m. p.d. to vote on the measure. Opponents claimed in advance that they had enough votes to kill the bill.

But a combination of circumstances, some of them apparently planned in advance, resulted in postponement of committee action for lack of a quorum.

THE STRATEGY of proponents apparently called for a boycott of the meeting and counted on absenteeism or tardiness by opponents. The strategy worked.

Promptly at 7 a.m., Chairman Clair Engle (D-Calif.), a backer of the measure, ordered the committee clerk to call the roll. Only 12 members, one backer and 11 opponents, were present. Sixteen are needed for a quorum.

Engle called off the meeting over the strong objections of Rep. A. L. Miller (Neb.), ranking Republican member.

ONE OF THE GOP leaders in the fight against the measure, Rep. John P. Saylor (Pa.), arrived too late because of an ironic set of circumstances.

Miller, realizing the importance of having all of the anti-Hells Canyon committee members there on time, called Saylor's office shortly before 7 a.m. to make sure he would be at the meeting.

Saylor said he was in the hallway en route to the committee room when he was called back to answer the telephone. By the time he got to the committee meeting was called off.

Saylor, obviously angered, said the Democrats had "outsmarted themselves." He predicted Hells Canyon "will die on the vine."

Miller protested to Engle that the rules of the House require at least two roll calls before a committee can be adjourned. But Engle banged down the gavel after the first call and walked out.

City's 'Get Tough' Traffic Policy Paid Off During June

The city's "get tough" policy on traffic law enforcement paid off handsomely during the month of June as Palm Springs police marked a reduction in auto accidents of almost 50 per cent, compared with June, 1956.

Police Chief August Kettmann reported that eight traffic accidents were counted here last month, as compared with 15 in June last year.

IN OTHER departments, Kettmann noted that criminal activity in the Village was "spotty" during the month of June, although police marked an upgrade in the number of burglaries and thefts.

Traffic citations increased from 122 to 184, and Kettmann said the department planned "to continue a firm traffic enforcement policy."

Records indicate a reduction in accidents for every month from Jan. 1, except for the month of April.

JUNE CRIMINAL activities resulted in an increase of burglaries, up from one to five last month, and thefts, up from seven to 11.

Check complaints dropped from 20 to two and malicious mischief complaints fell from 10 to five.

Property reported stolen during the month amounted to \$2,328.25. Property recovered was valued at \$499.71.

Pilot Who Left Plane Reported Critical Today

GLENDAL — Navy Cmdr. Paul Durup, who bailed out of a stricken Skyhawk jet attack bomber over Glendale, was reported in "critical condition" today in Memorial Hospital.

Durup, assigned by the Navy Bureau of Aeronautics to the Douglas Aircraft Co. plant at El Segundo, was found a short distance from the spot where his A4D jet crashed and burned in the foothill section of this city.

"Was anyone else hurt?" Durup asked in the hospital. "Oh, dear God, was anyone else hurt?"

The crash destroyed two garages behind a crowded apartment building. Fire Department units quickly brought the blaze under control and no casualties were reported.

Witnesses at the scene said the pilot bailed over Brand Park after the plane had gone into a slow dive.

Reports Ike Not Opposed To Changes

Senator Asked For Meeting on Controversial Issue

WASHINGTON — President Eisenhower assured the South today that the administration has no intention of launching a "punitive expedition" under its proposed civil rights law.

Sen. Richard B. Russell (D-Ga.), leader of the southern fight against the controversial rights bill, took the opposition's case to the White House today.

HE APPARENTLY failed to win Eisenhower's agreement to any material compromise. But he said the President's mind is "not closed" to a "clarifying" amendment.

"I found no intention of purpose on his part to go on any punitive expedition against the South," the Georgia senator said after the 50-minute meeting.

THE SENATE moved into the third day of debate on a motion to bring the bill up for immediate consideration, by-passing a heavy backlog of other legislation. Key senators predicted the vote on this motion will not come before next Tuesday or Wednesday. After that, a marathon civil rights debate of four to eight weeks was predicted.

Russell declined to go into details of what kind of amendment the President would consider. Senate Republican Leader William F. Knowland said after a White House session Tuesday that his party would oppose confining the bill to a simple protection of voting rights.

RUSSELL REQUESTED the meeting with the President after Eisenhower told his news conference last week that he did not understand certain clauses in the administration's civil rights bill. The President also has said he could not understand Russell's fears about the bill.

"We both have a much better understanding of the other's views," Russell said after the conference. But he refused to say whether a civil rights compromise now is more likely.

The meeting came as Senate Republicans tightened party discipline and sought to maintain a solid front in the face of Democratic disunity over the bill.

Motorist Pays \$100 for Opinion

LIBERAL, Kan. — A pistol-shooting New Mexico motorist, Charles Dorsey Davis of Clovis, paid a \$100 fine Tuesday in Meade County Justice Court for using his gun to express his feelings about women drivers.

Davis leaped from his car Sunday night in front of a carload of women and fired three shots from his pistol into the ground. Later he was arrested at a roadblock.

Late News Bulletins

DOW-JONES 2 p. m. Stock Averages—30 Industrials 520.31, up 3.94; 20 railroads 152.00, up 2.08; 15 utilities 71.35, off 0.10, and 65 stocks 179.48, up 1.34.

YOKOSUKA, Japan UP — U. S. Naval authorities said today they were investigating 10 Marines suspected of "roughing up prisoners" in the brig at the Sasebo Navy Base in Japan.

BARSTOW UP — An apparently erroneous report that a large aircraft had crashed during a severe electrical storm over 7,903-foot Clark Mountain sent a rescue team into the area near the California-Nevada state line today, but no wreckage of any kind was found. Officials said that a lightning bolt had set timber afire on the slope.

STUDYING THE PLANETS, together with attempts to photograph them, is the aim of the new Astronomy Club at the Youth Center. Members in action are, left to right, Sanford Gold, Erik Williams and Joe Jones, with Phil Staley at the telescope. (Desert Sun Photo).

Palm Desert Guest Ranch Permit Denied

Permission for construction of a new Palm Desert guest ranch hotel was denied yesterday following a hearing before the County Planning Commission.

Commissioners rejected plans submitted by Mrs. Alvina T. Nolan for a hotel proposed for a location one-half mile south of Highway 111, East of Highway 74 and west of the Silver Spur subdivision.

THE APPLICATION was denied on grounds that the area is "rapidly becoming" settled entirely by single family residence, Commissioner L. C. Lewis, of Cathedral City, reported today.

Lewis said that the commission is initiating proceedings for interim R-1 zoning for the area involved to preclude the possibility of future commercial or multiple dwelling development.

THE PROPOSED hotel was protested by Leonard Lockhart, of Palm Desert Sales Corporation; Hal Kapp and Ted Smith, Palm Desert Property Consultants, and representatives of Silver Spur. Mrs. Nolan testified on her own behalf yesterday.

Russians Sieze Japanese Ship

TOKYO — Soviet patrol ships seized 56 Japanese fishing boats and 572 crewmen in northern waters between January and June 30 of this year, the First Maritime Safety Headquarters claimed today.

Thirty-one of the vessels and 509 fishermen were released and returned to Japan, the headquarters said.

New Dump Disposal Work to Start in '57

Palm Springs city officials were yesterday informed that they can probably expect work to start late this year on a county-maintained waste disposal dump destined to serve the entire resort area.

County Supervisor George Berkeley said the Board of Supervisors has appropriated \$100,000 for acquisition of three-county waste disposal sites during the current fiscal year "and we hope to purchase the land here by the end of the year."

Berkeley said the desired resort area site embraced just about all of Section 9, slightly northwest of the present Cathedral City dump. The proposed cut-and-fill dump will serve all communities from Palm Springs to Palm Desert and Thousand Palms.

THE INFORMATION was given in the form of a statement to The Desert Sun at yesterday's informal luncheon meeting of the City Council and Supervisors Berkeley, Curtis Chamberlain and Paul Anderson.

Directly aimed at air pollution control through elimination of waste burning, the waste disposal

Cooling Atlantic Breezes Break European Heat Wave

LONDON — Cooling breezes from the north Atlantic today brought a measure of relief to Europe, which has sweltered in the grip of a 10-day heat wave that claimed more than 400 lives.

Only in Italy, where police estimated at least 200 persons had died, were temperatures in the 90's forecast. Elsewhere weathermen reported temperatures dropping rapidly as the cool air front moved inland.

ITALY WAS hardest hit by the scorching sun which sent the mercury soaring to record highs. The heat turned three homes for the aged in Milan into death pits for 65 men and women Tuesday.

Shocked civic authorities ordered air conditioning equipment installed in the homes as soon as possible.

Coming after the deaths of 16 other aged in homes in Venice and Bologna, the Milan tragedy sparked

Syrian-Israel Border Dispute Reported Grave

JERUSALEM, Israel — Israel officials described the Syrian border situation today as "grave" and there were reports the Soviet Union was urging Syria on to further attacks on Israeli villages.

But the officials said it was unlikely Tuesday's 10-hour artillery duel would precipitate an all-out war; observers thought it more likely Israeli troops might attack, occupy and destroy the Syrian positions then retire across the border into Israel.

Syrian and Israeli troops bombarded each other for 10 hours Tuesday across their mountainous farmland frontier. The fighting did not end until United Nations truce observers ordered a sixth cease fire. Each side blamed the other.

Nickel, who was with Girard when Girard fired the fatal shot, also said he and Girard first coaxed the woman and other Japanese civilians close enough so Girard "could take a shot at them."

A copy of the secret Defense Department file—10 pages in all—was made available to the United Press today.

appropriations are earmarked for sites here, in Riverside and Hemet.

Meanwhile, the county's air pollution control program gained momentum in other areas of operation.

CITY OFFICIALS expressed concern over the growing amount of "haze" filtering through the pass area, and City Manager R. W. Peterson warily eyed the prospect of the presence of the eye-watering stuff in the resort. "Smog is no respecter of boundaries," Peterson pointed out.

Supervisors pointed out that the county Air Pollution Control District is examining all possibilities, but warned the councilmen "not to expect too much on a local level."

Berkeley said that two air pollution measuring devices have been purchased by the county and will be put to work in the pass.

COUNTY SUPERVISORS and Palm Springs City Council members met in an informal luncheon discussion at the Chi Chi yesterday. Smog and waste disposal were key topics reviewed by, seated, left to right, Supervisor Curtis Chamberlain, Councilman Jerry Sanborn, Supervisor George Berkeley, Mayor Florian Boyd, and Councilwoman Ruth Hardy, and, standing, left to right, Councilmen Leonard Wolf, Ted McKinney and Frank Miller, Supervisor Paul Anderson and City Manager R. W. Peterson. (Desert Sun Photo).

O'Donnell Fails in Attempt to Get Cut on County Assessed Valuation

No raises and no reductions. That was the score at the end of this week's session of the Riverside County Board of Supervisors while sitting as a Board of Equalization. Probably the most eloquent plea came from Reuben Fleet of San Diego and Palm Springs in behalf of the O'Donnell Golf Club of Palm Springs for which he is chairman of both the finance and the membership committee.

Fleet asked that the present assessed valuation of the property for which the club is assessed for having a possessory interest as lessee, be cut from \$44,500 to a "nominal value." The club has leased the 33-acre nine-hole course from the city on a 99-year-lease which has 66 years to go. County Assessor Frank Burchfield declared, "As to market value, I believe the land is worth one million dollars if it is worth a dime. It is in the heart of Palm Springs."

In arriving at the assessed valuation he said a 75 per cent reduction had been made because of the fact that the club's lease restricts use to golf, and an attempt had been made to arrive at the reversion value of the land at the end of 66 years. From this amount an additional 25 per cent reduction was made to take care of risks and hazards. The result: an appraisal value of \$133,500 and thereby the assessment value of \$44,500.

New Riders Film Given First Press Preview

"New Riders of the Old West" rode into town yesterday to the sound of blasting six-guns, pounding hooves and the laughter and applause of the 50 spectators who viewed its first performance.

More than two years in the making, the feature-length, locally-produced film was displayed for the Palm Springs press and radio at the Chi Chi Starlite Room.

It was produced in full color by Ace Hudkins and Bob Howard and features a cast and production crew entirely made up of Village residents.

THE ACTION features murder, mayhem and quite a few chuckles particularly when viewers spotted their Village pals duded up in six-guns and sombreros, or Village gals dolled up in sequins, sun-bonnets and dancehall briefs.

Everyone agreed that "New Riders" was plenty of fun and should be seen by everyone in town.

Scheduled for premiere here during Western Week, the film will have advance charity showings at the Chi Chi on Friday, Saturday and Sunday. Show times are 8 p.m. and 12 midnight. All proceeds go to St. Theresa's.

SCREEN CREDITS were as follows:

Ace Hudkins and Bob Howard, producers; directed and written by Hudkins with technical advice from Bill French; photography, Ruth Henderson, with Al Taylor as technical advisor; script by Laurie Ruth Buffington, collaborating with Hudkins; art director, Ray Davis; film editor, Warren Adams.

Makeup and costumes, Walter C. Snook, assisted by Elisa Rogers.

Cast: the late Senator George Maypole, Victor Suda-ha, Rae Johnson and Conky Conkwright; George Strebe, Helen Morris, Joan Flynn, Patty Huggins, Bob Howard, Ace Hudkins, Ken Johnson, Jana Janelunas, Jay Budsey, Ray Ryan, Mickey Finn, M. Van Dane, John Mangini, Jack Costello, Pat Haggerty, Bud Kinnaman, Charles Mallon, Mike O'Neil, Webb Jackson, Rodney Dale Johnson, Walter Flynn, Whitely Ailor, Ernie Meinel, Bill French and Gene Faber.

Arizona Claim By Permit to Water Refuted

SAN FRANCISCO (AP)—An Arizona statement that it had no permits from the secretary of war to divert water from the Colorado River was placed into evidence by California Tuesday in the complex suit over the river water.

The document was produced in response to a California motion of July 1 asking that Arizona produce "any and all permits" secured from the secretary of war under the Rivers and Harbors Act of 1890 and 1899.

However, Arizona denied in the same document that any of the papers were "relevant or material to any issue in the case."

Arizona has maintained that the Colorado River is a navigable stream, and therefore California has no right to produce evidence that it was the first to take water from the river—and thus had first claim to it.

Arizona attorney Mark Wilmer said the 1890 and 1899 acts prohibited appropriating water from a navigable stream without the express permission of the secretary of war.

Theft Suspect Returned Here

A 40-year-old Manhattan Beach man was returned to Palm Springs today to face grand theft charges, involving theft of an auto from a Palm Springs woman.

Venice police escorted Richard A. Clarke to the Palm Springs police station for booking on the charge.

Clarke is accused of taking a 1949 auto from Shirley Lish, of 1508 El Alameda, last April 29. Clarke is being held in lieu of \$1,000 bond.

Graduating seniors at Wells College, Aurora, N. Y., traditionally ride to commencement in a stage coach.

Leopold Starts Suspenseful Wait for Verdict

SPRINGFIELD, Ill. (AP)—A suspenseful wait began today for Nathan Leopold, 32, seeking his freedom on grounds he is a humble convict who has atoned for the 1924 thrill slaying of little Bobby Franks.

Leopold, who has been in Stateville Prison for 33 years, appealed Tuesday to the Illinois Parole and Pardon Board for commutation of his 85-year term. Gov. William A. Stratton is expected to rule on the appeal "in about 30 days."

AMONG THOSE supporting Leopold's plea were poet Carl Sandburg, mystery author Erle Stanley Gardner, novelist Meyer Levin, and several of Leopold's former University of Chicago classmates.

No one appeared to oppose Leopold's freedom bid.

Leopold did not attend the clemency hearing, but in a written appeal asked to be allowed to die outside of prison walls.

"I earnestly beg of you to show me the mercy I did not show," his petition read.

"I BEG OF YOU to permit me to spend my few remaining years in the free world and give me a chance to try to be useful and to justify my experience. I leave my fate in your hands and in the hands of God."

A former classmate, Abel M. Brown, now a Chicago real estate man, told the board:

"As a lonely kid, he Leopold fell into a pit as black as life can make it. He's crying out now at the very end of his life for help. If you don't help him, you'll cut out his heart. He'll rot and die in prison."

Leopold and his partner in crime, Richard Loeb, murdered the 14-year-old Franks boy in a thrill killing that shocked the nation. Leopold was sentenced to 99 years, but former Governor Adlai E. Stevenson reduced the sentence to 85 years in recognition of Leopold's service in malaria experiments.

Loeb died in a prison fight in 1936.

The parole board previously turned down three parole bids by Leopold and set 1965 as the next time he could apply for parole.

However, Leopold said he feared "I won't live that long." He has had two heart attacks and suffers from diabetes and a kidney infection.

Assembly Interim Committee Named to Study Water Issue

SACRAMENTO (AP)—A new effort to solve the state's vexing water problems began today with the appointment of nine assemblymen to a special legislative committee.

The nine members of the lower house will be joined by a like number of senators later this month to try to reach accord on a constitutional amendment on water rights.

Under terms of the resolution creating the special committee, if six members from each house can reach accord on a water rights amendment, they will petition Knight to call a special session of the Legislature—probably in October.

Lincoln's choices for the important committee assignment included himself and Assemblymen Bruce F. Allen (R-San Jose), Ralph M. Brown (D-Modesto), Thomas M. Erwin (R-Puente), Augustus F. Hawkins (D-Los Angeles), Francis Lindsay (R-Loomis), Patrick D. McGee (R-Encino), Allen Miller (D-San Fernando), and Eugene Nisbet (D-Upland).

The Assembly appointments did not include some lower house leaders in water legislation, notably Assemblyman Carley V. Porter (D-Los Angeles) and Harold K. Levering (R-Los Angeles).

SENATE APPOINTMENTS to the committee will be made in Los Angeles when the upper house Rules Committee meets Thursday.

Husband, 19, and Wife, 63, Delay Trip, No Money

NASHVILLE, (AP)—Plans for a honeymoon have been delayed by a 19-year-old Nashvillian and his 63-year-old bride because the newweds have only seven cents for setting up housekeeping.

Thomas Henderson, and unemployed bean sheller, said he would take his wife Florence to his former home at Dickson, Tenn., to visit "kintoks" as soon as he musters enough cash for the trip.

The couple were married here Monday after exhausting their combined assets of \$5.50 earned from shelling beans. The money went for a marriage license.

Henderson said he met his wife a couple of weeks ago and "it was love at first sight." The young bean sheller said he wasn't too worried about supporting his new wife, and would probably "keep on shelling beans for a while."

Henderson said he had to marry sometime and he was just tired of being single.

Billy Graham Tackles 'Big Money' Today

NEW YORK (AP)—Evangelist Billy Graham tackled "big money" today, precisely where he hopes his words will have their most pointed effect—in the heart of the Wall Street financial district.

The North Carolina Baptist minister holds an outdoor rally at Nassau and Wall Streets, on the steps of the U. S. Subtreasury Building, where George Washington delivered his historic first inaugural address.

GRAHAM'S 25-MINUTE talk to the men of high finance was not to be his first on how "money corrupts," as he puts it. He has said repeatedly in his Madison Square Garden sermons that materialism, "the greed for and love of money" is one of America's great failings.

He has also said that "the accepted rule in business today is lying and cheating, stabbing competitors in the back, all for the sake of making more money."

The "Mad Dog Scientists" is an organization of science teachers in central New York.

Palm Desert

By GRETCHEN CHEESEMAN
Bob Keedy, who has lived in Palm Desert for many years, has opened the new coffee shop in the patio shops which was formerly in the drug store. Keedy owns and operates the shop, which will be open all summer.

Mrs. Gladys Button returned last week from a trip to Williamsburg, Va., as the guest of Governor and Mrs. Goodwin Knight aboard their private plane.

Harold Taylor, former resident here, was a visitor last Saturday. Mr. and Mrs. Taylor own and manage the Ferndell Motel in Idyllwild.

Mr. and Mrs. Allen Fredhold are spending 10 days in Burbank with their son, Allen, Jr., and his family.

Bill and Grace Boyd have left England after a marvelous two weeks there and will be in Holland and Belgium and then on to other countries. Their message was signed "Hopalong and Trippy!"

Mrs. Ronald Rogers and daughter, Wendy, have departed for New York. Mrs. Rogers will join her husband, Ronny Rogers, well known baritone, in northern New York state where they will summer for a month.

Fred and Thelma Blades are spending this month in their summer cottage in Mewaygo, Mich. This has been a summer pattern for many years for this couple.

George and Pinky Walling flew from San Francisco to Hawaii this week for a three week stay. The John Moons (Ellen Walling) and son will fly the same day from Los Angeles. The families will meet over there and expect to join many friends.

Mrs. Douglas Jones has departed for Sacramento where she will stay for a month. Mr. Jones will remain in their desert home all summer.

Mr. and Mrs. Dean Vincent returned to their summer residence in Portland, Ore., by the way of the north and south rims of the Grand Canyon in Arizona and

Brice and Zion Canyons in Utah. A card from them reports a wonderful trip and magnificent scenery.

Mr. and Mrs. Herbert Shaw have closed their home in Joshua Tree Street and have gone to Burbank for this month.

Mrs. Fern Boyce and Mrs. Evelyn Sahland gave a "swim" party for Mrs. Boyce's granddaughter, Jackie, of San Jose who is 11 years old. James, swimming and cold refreshments made for a wonderful afternoon.

Mr. and Mrs. Don Hunter have said goodbye to the desert and have gone to La Jolla for July and August.

Auto Wrecking Yard Hearing Set for Aug. 5

Aug. 5 was set by the board of supervisors this week as date for a hearing on an application by J. L. Landress of Indio for a permit to operate an auto wrecking and junk yard on property described as approximately 300 feet from the southerly corner of intersection of Van Buren Street with Highway 60-70-99, southwest from 60-70-99 and east from Van Buren and adjacent to the south-east city limit.

The permit application was turned down by the planning commission. The hearing before the board was requested by Richard M. Marsh, Indio attorney, in behalf of Landress.

Trailer Court Permit Granted

Albert C. Wagner of Palm Springs was granted an M-3 permit by the board of supervisors this week to operate a trailer court on the east side of Palm View Road north of 19th Avenue in the Desert Hot Springs area.

Granting of the permit was recommended by the county planning commission.

Fanning Director, Other County Employees Granted Salary Increases By 3 to 2 Vote of Board of Supervisors, Jones and McCall Dissenting

The salaries of all appointive non-term county department heads were placed by the board of supervisors this week on a five-step salary range with resultant salary increases for several of them, including Planning Director Tyler, Suess for whom an increase had been urged by the county planning commissioners.

Suess now receives a flat salary of \$738 per month. His new salary will probably be \$836 per month. Under the new set-up he will be placed on five-step Schedule 38 with a range starting at \$738 and with a top of \$922.

BECAUSE THE supervisors, acting on a motion by Supervisor George Berkey, also determined that all employees, whether department heads or working under such officials, be placed on not less than the second step if they have been in county employ from three to five years, and on not less than the third step if they have been in county employ for five years or longer, Suess will be placed on at least the third step salary which is \$836.

Although Suess has headed the planning department since November of 1948, more than eight years, it appeared, from a re-

mark made by County Personnel Director Donald Spencer that he will be placed on the third rather than the fifth step.

SAID SPENCER: "Eight years of service does not necessarily mean a man should be on the fifth step of whatever range the board may adopt. He should be on the step closest to the salary he is now receiving or his present salary plus ten per cent." Suess' present salary of \$738 plus ten per cent would be approximately \$812, close to the third step \$836.

Other salary ranges approved by the supervisors as recommended by the personnel director

are as follows, with the step to be determined by Spencer in accordance with the stipulations imposed by the board as to length of service:

SCHEDULE 28, ranging from \$466 to \$566, public defender, livestock disease control officer.

Schedule 29, ranging from \$489 to \$594, road commissioner.

Schedule 32, \$566 to \$688, sealer of weights and measures, garage superintendent, veteran's service officer, civil defense coordinator.

Schedule 36, \$638 to \$836, communications director, board of trade manager.

Schedule 37, \$722 to \$878, county fair manager.

SCHEDULE 38, \$738 to \$922, welfare director, airports director, and probation officer, in addition planning director.

Schedule 44, \$1,016 to \$1,235, public health director, medical director and administrator, chief engineer.

Oliver B. Jaynes

KUCHEL BILL MAY SOLVE BIG PROBLEM

Palm Springs' number one problem that has prevailed ever since this area was developed as a resort may at last be nearing a solution. It is, of course, the disposition of Indian land in a manner that will protect the interests of the families of the first settlers who were given this land by the Federal Government, and at the same time permit the logical development of such land in the near future.

Our own Senator Thomas Kuchel has introduced a bill providing for formation of a tribal corporation to take charge of the undivided portions of the Agua Caliente Reservation, which is estimated to be worth around \$12 million. The measure implements provisions of a law enacted forty years ago directing allotment of reservation lands to members of the Mission Band. The Kuchel bill provides for the formation of a tribal corporation in which each eligible Indian would receive a proportionate amount of stock and would thereafter receive dividends from sales or leases of such land.

It removes another stumbling block by also providing for equalization of allotments previously made; individuals with lands of less proportionate value receiving additional stock to place their holdings on an equal basis with all the others. Some such arrangement has long been sought as the only method of correcting past mistakes in the allotment of these lands.

Bright Future Seen

The chances are good that this bill will pass both houses of Congress with not much opposition, and, although not

probable, it may be approved at this session. As soon as the measure is adopted the machinery can be set up for the formation of the proposed corporation, and the necessary adjustments of allotments made. This will, of course, take quite a bit of time but a start will be made at last on a program through which these lands will at last be assimilated, zoned and released for logical development.

Even though this procedure does take some time it will place an entirely new outlook on the future growth of Palm Springs. Just knowing that a workable plan has been adopted is a wonderful thing. It opens the way for future planning and removal of an unsightly area that has long been one of this community's greatest drawbacks.

Senator Kuchel and the Interior Department are to be complimented for originating this long sought legislation without which no solution of the problem would be possible. As soon as appropriate, this proposed legislation should receive the hearty support of all organizations within the area affected. It will also be considered by the Indian Tribal Council, which we hope will approve of the measure.

In a statement announcing the introduction of this bill, Senator Kuchel said that it was designed to "mend a forty year problem" of distributing land among our Caliente Indians in the Palm Springs area. His cooperation, along with that of the Interior Department, is the best news that has come our way in many, many years. Our dreams of the perfect resort community—one of the finest in the whole United States—may now be realized.

HOLMES ALEXANDER:

But Goliath Is Our Giant!

WASHINGTON, D.C. — Battles such as David vs. Goliath and the individual vs. the State usually find popular sentiment on the side of the smaller contestant, but not so in the recent Supreme Court decisions.

The Court has ruled that an individual named Watkins need not answer certain questions as to whether he is a Communist, and that a man named Jencks is entitled to see the FBI files from which evidence against him is being drawn. The Court has also ruled that in similar cases an individual cannot be prosecuted for sedition against one of the 48 States. In each instance the popular reaction has been against Goliath or the State. In each instance the American people have reacted against this overprotection of individual rights.

THIS IS A strange reversal of form only if one persists—and many in Washington do—in assuming that the American people are ideological bigots. Bigotry, a form of religious or intellectual intolerance, might dictate that Goliath is always right and David is always wrong.

But surely there are times when the giant is doing a good and wise thing, while the boy with the slingshot is a brat who deserves to have his head knocked off. What's more, there are times when Goliath may be a lout, but our own lout; whereas David may be an appealing urchin, but he's somebody else's mamma's boy.

IN THE WATKINS and Jencks cases, the Federal State has been told to quit picking on these individuals and others like them. Why have the American people

sided against the Court and with the Federal State here? The answer is simply that it's our State—our Goliath. If the State in these cases is beating up a couple of little fellows, our hearts decline to bleed for them because these Davids are on the other side. They aren't our kind of boys.

This preference of the American people for its own is altogether natural. It falls under the law of self-protection. The Federal State, often a nuisance around the domestic household, is our protector against the menace from without. It is the military and civilian strength of the Federal State which keeps foreign soldiers, immigrants, spies, goods, germs, counterfeiters and visitors of ill-repute from invading us.

THE WATKINS decision will make it very much harder for American authorities to discover and destroy cells of Communism in this country. The Jencks decision is almost equivalent to disarming the local police force to prevent them from roughing up the crooks.

In another landmark case the Supreme Court has ruled that the Smith Act doesn't mean what its author and supporters said it meant. Under this act, it is unlawful to teach and advocate the overthrow of the USA by force and violence. But the Court, favoring individuals over the State, has ruled that it's all right to do such a thing in the abstract, though not in action.

Again, the reaction of the country has been angrily pro-Goliath and anti-David. How could it be otherwise? Goliath is our giant, isn't he?

AS OTHER EDITORS VIEW THE NEWS MODERN ART

(Dillon (S.C.) Herald)

The sale of finger painting by a Chimpanzee in the Baltimore Zoo opens up all sorts of fascinating possibilities. Betsy, the chimp, had a one-chimp show, and some of her paintings sold for as high as \$50.

If the American public runs true, to form, this will start a rash of paintings

by animals in all parts of the country. Kindly little old ladies will have their tabby cats making paw print designs. Various canines will be producing toenail etchings as relaxation from a dog's life. Pet turtles by the score will doubtless trail their foot-and-tail prints across paper spread with exotic color.

We foresee a great national exhibition to choose the best animal painting versus one of the so-called modern art paintings.

Behind a Brass Curtain

THIS SIDE of The Sun By Phat

Leave it to Ron Ellis
To really tell us
What with the city rotunda.
No grammar hiatus,
Just "Gracious Oasis,"
No chance for syntactic blunder.

You know, there was a bit of debate last week about the slogan to be pasted on the city council chamber rotunda. A grappling with grammar. (Where was grandpa?)

C. RON ELLIS, Village author and publicist, however, popped up with the solution.

Instead of struggling with the problem of whether the city is the people or the people are the city and becoming enmeshed in philology, C. Ron suggests an alliterative slogan.

"Gracious Oasis," is his offering for the city council chamber sign.

I'm for that. Because when council does something to displease a member of the audience and he hears back his (or her) head to let forth vehemently that word "gracious" will catch the eye, blocking stronger expletives.

LOUIS VENER is included in today's communications. Business must be good because he is again laying \$20 on the line as a prize for the first person who can name the author of the book from whence comes these lines:

"Like the fingers of your hand, if you hurt one, you hurt all, that is how all men are brothers."

Now, I could use \$20 and I know the answer. But I am disqualified. So if you do, just tell the city desk of The Sun and collect your picture of—say, who in his picture is on a \$20 bill? Haven't seen one since Flashy Speed came in at \$35.70 three weeks ago.

TELEVISION is great. It tells me how to get a smooth shave, how to keep from smelling, what is missing, missing, missing, how to live modern, and, if of the opposite gender, how to keep my locks, if any, curly.

So, in the interest of science and research, I turned on a two-hour program the other night, just to keep track. It went like this:

9:00 p.m., turned on the channel.
9:00-9:02—Describing the picture.
9:03-9:09—Listing the 12 products sponsoring the film.
9:10-9:27—The picture.
9:28-9:34—Five of the 12 sponsors.
9:35-9:58—The picture.
9:59-10:04—The rest of the sponsors, plus some of the earlier group. They must have paid more.

10:05-10:29—The picture.
10:30-10:35—Sponsors.
10:36-10:41—Next week's feature.
10:42-10:45—The picture.
10:46—Switched to another channel to get the news and sports.

Got to try that new soap that keeps you safe for 48 hours.

READING the Woman's Page of a Los Angeles newspaper the other day I don't miss a thing. I saw this headline on an article by a woman writer, giving advice to housewives:

"What to do with your husband's old clothes—the items which displease you."
Why doesn't she mind her own business?

INEZ ROBB:

Stassen's Crystal Ball

There have been times in the past when I have thought Harold Stassen a kind of comic figure on the political landscape of my native land—times when it seemed reasonable to assume that the only person who took Harold seriously was Honest Harold himself.

How dear to my heart is the memory of Stassen, in a final, last-minute bid for the Republican presidential nomination in Philadelphia in 1948, summoning to his aid a troop of undulating Hawaiian dancers and a firm, 1,000-pound Minnesota cheese. But they availed him not.

Stassen's stop-Nixon campaign in 1956 was only equalled in brilliance of execution by the emergency press conference called by him at 2:30 a.m. in the midst of the Republicans' 1948 convention to announce that he was mad at Thomas E. Dewey, whom he had detected in a shrewd plot to nail down the nomination.

But the American people have always had a wonderful weakness for the underdog, and circumstances and the administration may yet make Stassen the political Elvis Presley. On the face of it, he has been entrusted with efforts to make peace in a world that is suspicious of nothing so much as the possibility that peace may break out and endanger the whole world situation.

In recent weeks, Stassen has had my prayers and my sympathies. If he can make head or tail of what is happening in the peace department, he is a better man than most of his fellow citizens. If Mr. Eisenhower speaks out for limited disarmament on one day, a half dozen experts in his own administration declare within 24 hours that it is criminal, if not subversive, even to contemplate disarmament, including the cavalry.

If the President opines that it might be for the best to limit the testing of nuclear weapons, respected experts immediately cry that such a step would merely mean America's quick conquest by Russia.

There was a time when I thought that if the nations could agree even on a little bit of dis-

armament, it might eventually spell the end of many world tensions. But some experts now cry that there is no such thing as a little bit of disarmament, just as there is no such thing as a little bit of garlic. A soupçon of either will make us social outcasts.

The expert opinion—the opinion of men whom I respect and admire—is so sharply and fanatically divided down the middle on the subject of disarmament that at the moment I don't know whether to believe that disarmament will lead to heaven or hell.

I honestly don't know whether, as a humanitarian and a Christian, to advocate a little disarmament or, as an American and a patriot, to start taking potshots at the Dove of Peace.

With opinion so divided at home, Stassen is on the hot seat. If he can figure out what the administration really wants, much less the home folks in general, he ought to get a patent and world rights to his crystal ball.

In the meantime, I have started to work a sampler for Stassen, with a legend by Thomas A. Kempis who said long ago, "All men desire peace, but very few desire those things that make for peace."

QUOTES (By UNITED PRESS)

NEW YORK—Evangelist Billy Graham on the ways the devil has attacked his crusade: "Today, for instance, as I was dictating my sermon notes, the dictaphone caught fire and we had to get the hotel engineers to fix it. Then I lost two pages of the notes. Something like this always happens when I preach on the devil."

WASHINGTON—Christian Wrenstrom, the 16-year-old daughter of a Swedish diplomat who ran off to Canada with her Senate page boy sweetheart:

"We didn't want to lose each other. I told him all the trouble he would get into, but he said, 'Oh, it doesn't matter.'"

GRIN AND BEAR IT

By LICHTY

"Is obvious recent capitalist court decisions is creating unrest, comrade, judge! . . . Prisoners are screaming that in U.S., communists have some rights!"

EARL WILSON:

Shy Young Hollywood Gal

NEW YORK—A star was born . . . a female star.

Out of Hollywood and Las Vegas came Comedienne Sue Carso 24, and cute, slender and dark-haired to prove at the Copacabana she's the funniest young woman in America . . . a new Martha Raye or Bea Lillie.

Looking occasionally like a teenager, she delightfully spoofed wolves, wolves, celebrities and recording stars.

"Jayne Mansfield," she said, "will go far—she's half way there already."

"I was raised psychically—my parents were both psychiatrists," she went on. "What a honeymoon they had—two glorious weeks at the Menninger Clinic. Many times mother went to the couch and found it bare, but dear old dad had always put away a few nuts for the winter."

Singer, dancer, ventriloquist, impersonator and gag artist, Sue'll be big on TV. (Ed Sullivan's already spoken for her).

"The Sportsmen," fugitives from Jack Benny's show, headline the Copa bill, but good as they are, Sue should and probably will be the star. The Sportsmen, by the way, defined a Texan as a fellow who sends CARE packages to Beverly Hills.

Jack Paar just loused up what couldn't have been a perfectly good TV feud . . . with Steve Allen.

Jack, NBC's newly-signed comedian, turned down an appearance on Steve's show—but explained to me just after I heard the feud rumors, that he was doing it "out of gratitude to Ed Sullivan."

"It was a wonderful gesture of Steve," Paar said, adding "but for a year I've been living off Ed."

When CBS dropped him a year ago, Paar was low in spirit. Sullivan signed him for 8 shows—at \$5,000 for 5 minutes—the last scheduled July 7.

"I don't want to appear noble but it wouldn't seem honorable to run to Steve," Jack added. Steve was offering Jack the spot in advance of him taking over the "Tonight" show July 29. Anyway, this guy Paar has got to be watched, spoiling good stories like that. He could ruin the column racket.

THE MIDNIGHT EARL, . . . Gary Merrill's rushing Ann Ban-

croft, the lovely young brunette actress . . . Lawrence Welk, flying to Europe, stopped to pray at the chapel at Idlewild.

Monique Van Vooren's having a cool romance—auto mfr. Mario Ferrari gave her an air conditioner . . . Edward G. Robinson, Jr.'s being treated at Mira Loma Hosp., near L.A. . . . Nat Hiken sent new poppa Phil Silvers a wire: "You have your pilot. Now work on the rest of the series" . . . London papers gave Monroe more praise than Olivier in "Prince and Showgirl" reviews . . . Pretty Beatrice Ruth, in "Pajama Game," has worn seven hair-dos so far—and the producer's still experimenting.

Slimmed-down Kate Smith refused a mag offer for her "special die"—says she has none . . . Peggy Lee has an eye ailment, can't read the TV teleprompter . . . Cartoonist Charles Addams, reported romancing model Nelva More, asks friends, "Frankly, who is she?" . . . Actor Cliff Robertson says his wedding to Jack Lemmon's ex, Cynthia, is "due any day" . . . Burgess Meredith'll play the editor on TV's "Big Story."

CBS, building a new studio in L.A., struck oil—but they needed the studio, so they capped the well . . . The Phil Silvers show starts filming its fall series next week . . . Publicist Harold Rand, asked how he'll travel to Europe, said, "Oh, I'm saving money—I'll be driving a friend's car over" . . . Meg Myles' new romance is singer Larry Amato, of the Rover Boys quartet . . .

EARL'S PEARLS: A very young boy is one who does all his whistling at dogs.

WISH I'D SAID THAT: "A woman's like a bomb with a faulty timer—you know that sooner or later there's going to be an explosion, but you don't know when."

TODAY'S BEST LAUGH: Description of one of those noisy, no-punch B-way fights: "It was bare fists at ten paces."

Walter Slezak has a friend who's a wine-taster. He's understandably employed. That's earl, brother.

MIKE CONNOLLY:

MGM Wants Franciosa

HOLLYWOOD—Elvis Presley is reading up on Tibetan philosophy but I doubt if he'll ever become a Tibetan monk . . . MGM is willing to go into escrow, if necessary, to land Anthony Franciosa for Audrey Hepburn's leading man in "Green Mansions."

The more scrapes Tony gets into in his domestic life (the fight between his wife, Shelley Winters, and Anna Magnani over his late-hour "dramatic lesson" with Anna is the latest) and with the police, the more the fans seem intrigued by the guy. All the upcoming fan mags are full of his phizz.

Barbara Hutton is all shook up over her son's "Ferrari fanaticism." Lance is racing his Ferrari in Italy now and says his mother can stay him, not even Barbara's old-fashioned story of the Marquis de Portago's violent death in that Italian auto race.

JOANNE WOODWARD, the gleam in Paul Newman's eye, shed her shiny new Cadillac because it was too conspicuous—and then rented a turquoise MG and then a red Buick. Guessing whether Vikki Dougan got her idea for backless dresses from watching an old Marlon Brando movie.

Natalie Wood's new car has the titles of all her movie and television shows engraved on the dashboard . . . Red Buttons, now doing summer stock in the Catskills, calls it "mountains with matinees."

IT WOULD TAKE a Library of Universal Knowledge to check on the historical accuracies of Bob Hope's "Beau James" but who cares—it's a good picture . . . It was a case of staying home and telling it to the typewriter or getting killed (or horribly mutilated) crossing Sunset Blvd. in quest of a cooling chocolate phosphate.

So I compromised and took the side streets to Bob's "Beau" premiere: Kleig lights, red carpets, lobby interviews and one thing and another—the whole bit! . . . Everything except Bob, who is still shooting "Paris Holiday" in Paris.

EARL HOLLIMAN was there holding Dolores Hart's arm as though she were something infinitely fragile and might break . . . A photog asked Vera Miles to pose with Hope's other leading lady, Alexis Smith. Vera, who is pregnant, demurred with this: "But Alexis is so THIN!"

If she had lost one bead from her dress, it would have spelled catastrophe for Mamie Van Doren, same preem . . . Convivial company at Paramount's Coconut Grove blowout after the pre-

miere included look-alikes Jayne Mansfield and Sandra Giles, at opposite ends of the same table—the nicest pair of bookends you have ever seen!

TV TOPICS—The producer of Climax! goofed. He signed an actor named Ford. The show is sponsored by Chrysler . . . I like the new commercials they're doing on "What's My Line?"

Mrs. Dixie M. Cox, complaining that "Queen for a Day" neglected to treat her like a queen when she appeared on that program on July 5, 1956, filed suit here in Los Angeles for \$10,000 damages. The Pasadena housewife says that in exchange for her recital on the show of details of her personal life she was promised a job, a baby-sitter and \$1,113 with which to reclaim her repossessed Buick. But, according to Mrs. Cox, who is more than a little upset about the whole thing, she fulfilled her end of the agreement and the "Queen" people didn't.

An actress approached a TV producer about the lead in a new series. Producer: "I'll be very frank with you, honey—the rumor's around that you go out with every producer in town and that you're undependable." Actress: "Undependable?!"

QUOTES
By UNITED PRESS

FARGO, N.D.—The Rev. Karl Schraeder, a Lutheran minister on the destruction of a Roman Catholic convent by a tornado.

"It was a weird scene. Several nuns came out of the wrecked building carrying injured and holding them until the arrival of ambulances."

WASHINGTON—President Eisenhower, cautioning young Republicans against pessimism in their future political battles:

"No pessimistic general ever won a battle. There is enough pessimism in fights without the leader showing it."

BOSTON—Leonard Masden asked a state Supreme Court justice to permit doctors to transplant one of his kidneys to his twin brother, Leon.

"I want my brother to live."

NEW YORK—The city Health Department advising New Yorkers how to keep cool during a heat wave:

"There are no new or novel ideas for surviving through hot spells in comfort and good health."

Mrs. Malouf Appointed To National WAIF Group

Mrs. William B. Malouf, Palm Springs community leader, has been appointed to the National Advisory Council of International Social Service, ISS General Director William T. Kirk announced today.

Mrs. Malouf is president of the Palm Springs chapter of WAIF-ISS, the intercountry adoption program of International Social Service.

International Social Service is the only non-sectarian international social casework agency. The new National Advisory Council is composed of prominent citizens who have agreed to represent ISS in their communities throughout the country.

Kirk said the members of the Council will:

Plan ways in which ISS may better serve Americans who have individual problems involving other countries.

Represent ISS at meetings of local organizations and make known locally the services ISS has available.

Kirk pointed out that a variety of ISS services is available to

Americans. He cited the following as examples:

IF A SERVICEMAN overseas were having trouble arranging entrance of a foreign bride into the U.S., International Social Service would help make the emigration arrangements through its branch in the bride's country. The ISS American branch would handle arrangements in Washington with the Department of Immigration and Naturalization.

If an American traveler fell ill overseas, a worker from an ISS branch would be available to arrange medical help, keep in touch with the family back home through the ISS American branch and arrange transportation home.

IF AN AMERICAN of foreign origin had a relative overseas sick and in distress, he could arrange to assist through a local social welfare agency. The agency would get in touch with the ISS American branch, which would swiftly arrange for a foreign ISS branch to transmit help to the relative.

Kirk also pointed out that the WAIF-ISS intercountry adoption program of ISS is the world's largest adoption agency. Through local social welfare agencies, it arranges adoption of foreign children for couples who have been unable to adopt American children. Last year, he said, WAIF-ISS helped 3,042 American couples carry through their plans for adopting foreign children. Actress Jane Russell is president of WAIF-ISS.

Alan Kopelsons Leave Here For Summer

Alan Kopelson, well known musician and piano instructor, and his actress-director wife, Edith, have departed from the Village for the summer months. They will spend a short time in their Beverly Hills home and then proceed on their annual tour which will take them through the Carmel Valley, Palo Alto, and San Francisco Bay area.

They plan to return to Palm Springs Sept. 28, and both will resume their teaching activities Oct. 1.

Mr. Kopelson will present three young artist pianists in recital in India and locally early in the season. One, Edward Dominguez, of India has performed in Palm Springs on three other occasions.

Mrs. Kopelson is considering producing several interesting plays for young people. Announcement of selections made will be made at the start of next season.

This is the seventh season that the Kopelsons have been in Palm Springs.

HONEYMOONING IN LOS ANGELES are Mr. and Mrs. A. Belden Crist, who were married at the Church of Religious Science in Riverside. Mrs. Crist is the former Annie S. McEwing. Her groom is a Palm Springs contractor. The couple will be at home at 828 Monterey Road here following their current honeymoon trip to Los Angeles and San Francisco.

Adelaars Host Top Fashion People Here

Barney and Barbara Adelaar (of the noted blouse manufacturing firm) entertained top people in the fashion world at their home at 666 Mel Avenue over the Fourth of July weekend.

Among guests were Howard and Ann Sprehe (he is head buyer for Saks), Mr. and Mrs. Jack Barker and their daughter, Sally, of Bel Air, Mr. and Mrs. Henry Moses of Beverly Hills, and Norman Heeb of Pasadena (owner of Knit Tog Shops).

The Adelaars are leaving Wednesday for La Jolla, where they will stay at the Del Charo.

Wahlbergs Host Weekend Guests

Mr. and Mrs. J. R. Wahlberg entertained over the weekend Mr. and Mrs. A. O. Wahlberg, Sr., and son, Ricky, of Hollywood, and Mr. and Mrs. Wally White and sons, Gary, Skipper and Chris.

Mr. White is a furniture designer in Oklahoma City, Okla.

Roths to Vacation At Coronado Hotel

Mr. and Mrs. David Roth are vacationing in Las Vegas, and from there will go to Coronado, where they will spend the rest of the summer at the Coronado Hotel.

Social and Club CALENDAR

(Clubs and organizations are invited to call in calendar dates to 5005. Summer schedule.)

Tuesday: Kiwanis, Chi Chi, noon. Wednesday:

P. S. Optimists, Biltmore, noon. Rotary Club, Chi Chi, noon. Moose Lodge, Palm Springs Playhouse 8 p. m.

Thursday: Lions' Club, Chi Chi, noon. Elks Lodge No. 1905, 8 p. m.

Consomme Combo

Let the refrigerator do most of the work in this quick and easy lunch dish.

Early in the day, place a can of consomme in the refrigerator to chill. Soften an envelope of unflavored gelatin in 1/2 can (12 ounces) of V-8 juice. Set the container over boiling water until gelatin is dissolved, then add the remaining juice. Chill until firm. To serve, place the consomme and jellied V-8 in layers in parfait glasses; or scramble together with a fork and pile into a glass serving dish. Top with sour cream. Serve with cucumber or watercress sandwiches and a dessert of snow pudding.

Paint brushes need cleaning after each use. If paint, varnish or shellac is allowed to dry in a brush, it never again is free of dried flecks. To clean, scrape off excess paint from the brush, against the edge of the can. Then swipe back and forth on newspapers. Wash several times in the liquid used as a thinner. Then, wash the brush in soap or detergent suds, rinse and dry.

Soil tests were made on more than 2,300,000 acres of farmland in Illinois during 1956.

Designers Give Women Plenty of Fall Fractions

By GAY PAULEY
United Press Staff Correspondent
NEW YORK (AP)—Designers give us women plenty of fractions for fall calculation.

They talk in terms of half-belts and coats either three-quarter or seven-eighths length. Half-belts show through our suit collections, although there are just as many fully belted, or unbelted and fitted loosely at the waistline.

THE NUMBER of three-quarter and seven-eighths length coats equals the number of full length ones in collections being shown this week to visiting fashion reporters. The shows are held semi-annually by the couture group of the New York Dress Institute.

Coat silhouettes run the gamut from the slim and wrapped to those of luxurious fullness. Monte Sano and Pruzan introduced a balloon-like shape — coat cut straight as a pin in front but with the back puffing out like a blister, but hauled in again at the hemline or waistline.

Most suits and many coats feature the bracelet sleeve, loose fitting and ending just a few inches short of the wrist. Shoulders follow the natural curve of the body. Collars usually are flat and constructed to stand away from the neck.

FUR TRIMS everything from evening dresses to coats. Originals teamed black lynx, beaver, mink or lamore, a south African lamb, with tweeds and fleeces in a handsome daytime group.

Monte Sano and Pruzan lined a cotton gabardine raincoat with ocelot and priced it at \$950.

Cecil Chapman is a ringleader in the daring baring for evening wear. One of her boldest necklines shows the bodice opened to

the waist, but laced like a corselet with thin satin cords drawn through rhinestone eyelets.

SHE DOESN'T EVEN bother to lace other necklines with a v-plunge to waist. These she calls the Venus dresses.

Society

Bonds Entertain Guests Over July 4 Weekend

Weekend guests at the Olive Way home of Mr. and Mrs. J. Alfred Bond were Mr. Bond's sister and her husband, Mr. and Mrs. James G. Corcoran and their children, Sally, Jimmy and Christopher, and David Lang, all of Los Angeles.

Mr. Corcoran is head of the Corcoran Music Company of West Los Angeles, and is carillonist at the Hollywood Bowl.

Mrs. Corcoran is a well known former concert pianist.

Axel, Greta Linus Leave for Hawaii

Axel and Greta Linus, 243 Avenida Ortega, left Tuesday for Hawaii via Pan-American, and will return to the Village in September.

Mr. Linus is a well known artist, and will do some painting while there.

They also own the Casa del Camino, and during their absence Mrs. Emma Johansen will be in charge of the hotel which will remain open all summer.

Clocks, irons, fans, skillets, coffee-makers, washing machines, food mixers, toasters, vacuum cleaners and refrigerators were the 10 top selling home electrical appliances in 1956—and in that order.

EDITH'S SUN & SAND FASHIONS

745 North Palm Canyon Drive
Including Sundays—Open All Summer

Easy Menu For Sunday Supper

Want an easy Sunday supper? Try waffles with creamed pork sausage balls for a topping.

Use your favorite pancake mix for the waffles. While they are baking, shape 1 pound of pork sausage meat into small balls. Pan fry. Measure 2 tablespoons of the drippings into a saucepan over low heat. Blend in 2 tablespoons of flour. Add 1 1/2 cups of milk and 1 teaspoon of salt, stirring constantly until thickened. Stir in the sausage balls (for an even quicker sauce, use any of your favorite cream soups diluted with milk to the right consistency). Serve hot, on the waffles.

Complete the meal with a tossed green salad, and a dessert of fresh pineapple cubes combined with sugared strawberries.

P.O. Box 190 — The Center — Palm Springs, California

PLANS FOR PLANT expansion have been announced by architect's drawing of the completed structures pictured above. The plant was started at Desert Hot Springs in late 1955.

Assembly Products, Inc., of Desert Hot Springs, Announces Expansion

One of the manufacturing plants in this area—hitherto chiefly renowned as a posh vacation playground—has overcome the economic handicaps of its unlikely location and will be doubled in size.

Start of expansion of the San Geronimo plant of Assembly Products, Inc., at nearby Desert Hot Springs, was announced today by Bradley R. Thompson, plant manager. He is also chairman of the board of directors of the parent company, which he founded and which has headquarters in Chesterland, Ohio, a suburb of Cleveland.

THOMPSON POINTED out that many persons in and around Palm Springs consider the Assembly Products plant the forerunner of a boom in electronics and other light industry, similar to the influx of such plants at Phoenix and Tucson and at Los Angeles itself. At the moment, the API plant is the only electronics manufacturing establishment in the desert area east of Riverside.

"People want to move to the desert, because of the healthful climate and attractive living conditions, but they will do so only if they can find jobs," Thompson said. "In a small way, we hope to make desert living possible for many more people."

EXPANSION OF the Desert Hot Springs plant was authorized only after two basic problems had been substantially solved, according to Thompson.

The biggest problem, on which Thompson worked steadily from the time the plant was established in late 1955, was redesigning and improving the plant's principal product. This is a sensitive but rugged instrument, specifically designed for use with aircraft and guided missiles, called the VHS meter-relay. The initials stand for Very High Sensitivity.

The other big problem was recruiting and training employees to make instruments that are every bit as delicate and skillfully put together as fine watches—but must be more reliable. Only one of the original employees had any experience in the instrument field.

"WE ARE CONFIDENT the VHS will now meet the different control problems of our customers," Thompson said. "We had a basically good design to begin with, but we had to make a number of comparatively small changes to gain the reliability and smaller size we wanted."

Hot Dog Count

CHICAGO — (UP) — More than seven billion hot dogs were consumed by Americans last year, the National Live Stock Producer reports. That's an average of 42 hot dogs per person. It's 625,434 miles of hot dogs linked end to end.

The problem of perfecting the VHS can be partly understood, Thompson pointed out, by realizing that the instrument has tiny moving parts that must respond to changes of current as small as one-fifth of a millionth of an ampere, or one ten-thousandth of a volt. The wire used may be as small as 8-10,000ths of an inch in diameter. Yet the instrument will withstand shock and vibration of 20 "G's"—a "G" being the unit of gravity pull.

IN THE EAST, the VHS is being used by such prominent concerns as the Ritter Mfg. Co., world's largest manufacturer of dental equipment; the Caldyne Co., the Farnsworth Electronics Corp., and the United States Weather Bureau. Some of the Southern California customers include North American Aviation, American Electronics, Douglas Aircraft, Aerojet-General, Hughes Aircraft, Northrop Aircraft, Northwest Research Institute, Stromberg-Carlson, Minneapolis-Honeywell, Alto Instruments, Hallamere Electronics, Atomics International, RCA, University of California, California Technical Laboratories, and the Hycon Mfg. Co.

Late Homer Varner Gets Double Honor

Double recognition was accorded for service to his community by the late Supervisor Homer Varner with the naming by the board of supervisors of the old Highway 60-70-99 between Thousand Palms and Garnet in his honor, Homer Varner Road, and authorization by the State Park Commission for the naming of a new boat basin in Salton Sea State Park to be known as Varner Harbor.

The supervisors voted this week to send a letter of appreciation to the State Division of Beaches and Parks for its approval of the naming of the boat basin.

Newton B. Drury, chief of the Division, told the supervisors that an appropriate marker will be placed at the site of Varner Harbor. Said he: "The commission is happy to join the board of supervisors and Mecca Civic Council in honoring the late Homer Varner whose active services on the board of supervisors were most effective in development of the harbor."

"Homer Varner Road" is to be used as an alternate route from the new freeway when dust storms make the new highway hazardous. The request for planning commission consideration of the proposed new name for the old highway is considered a formality. The name was suggested by Supervisor George Berkey who now serves the fourth district formerly represented by Varner.

TODAY'S SPORTS PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U. S. Pat. Off.

NEW YORK (AP)—There are two moments of misery which have seared themselves into the soul of a sad-eyed little man named Sidney Walker.

The first came when he was 10-years-old and the ancient grandmother who had raised him, and wanted him to be a minister, called him to her side. Sitting in a rickety rocking chair, she told him not to cry but that she was going away.

"She sent me to the kitchen for a bowl of soup and when I came back the Lord had stole her away," he recalls, tears filling his brown eyes.

THE SECOND TIME of torture came 16 years later when, his kneecap shattered, he was just a washed up former lightweight champion of the world. The boxing world knew him as Beau Jack, a perpetual motion machine of the ring whose furious brown fists had earned more than 2 million dollars. And they told him that he was on the verge of being broke.

"I wanted to take a gun and do something about it," he rasps, the old scar tissue flaring above the hooded eyes. "People have killed for less than that. But then I thought about my family and how they would feel if I was on my way to the electric chair."

SO NOW, 10 YEARS after that second moment of misery, Beau Jack feels worse about that childhood day in his grandmother's kitchen than he does about the people who fleeced him.

"I ain't mad at nobody," he says despite the fact that at 35 he is right back where he started—shining shoes.

Beau Jack was good. Not a great puncher but a slashing wisp of a tan tiger with laughing eyes who glided in the combat and the adulation which went with it.

But then came the night in 1947 when the knee popped in Madison Square Garden and suddenly the cheers were no more. That's when Beau, after weeks in a hospital, went home to discover that he didn't have that big cushion in the bank. That's also when the laughter fled from his eyes forever.

He tried training fighters who wouldn't listen. He opened a drive-in and saw it fail. So finally the world-weary kid from the Georgia cabin went back to shining shoes.

21 Walks Give Colony 20 Runs

Game Called In 5th Due to 11-Run Lead

Colony Once Trained Laurye's By 8-2 Margin

DESERT SOFTBALL LEAGUE
Desert Hot Springs 10 2
Mexican Colony 10 4
Mhoon-Mhoon 9 4
Laurye's 5 8
M&M-Lehrfeld 5 9
Telephone Co. 1 13

Score Tuesday
Mexican Colony 20, Laurye's 9.
On the strength of five hits, 21 walks and seven errors, the Mexican Colony swarmed by Laurye's Steak Ranch in Desert Softball League action at the Polo Grounds last night 20 to 9.

The game was called at the end of five innings when the Mexican Colony held an 11 run lead, under league rules.

STRANGE AS IT may seem, the Colony had to come from behind to win. After three innings of play the score was 8 to 2, in favor of Laurye's.

But the fourth and fifth frames were different. Nine runs came in to score in both innings, with eight walks in the fourth and 10 in the fifth aiding the cause. In the latter inning the nine runs were scored on no hits and no errors.

BENNETT MARCUS had held the Colony for the first three innings, with three other hurlers sharing the dubious credit for the fourth and fifth frames. Laurye's regular pitcher, Bob Smythe, was absent. Charlie Brown paced the early Steak Ranch attack, with a home run and a double.

The score: R H E
Mexican Colony 20 5 2
Laurye's 9 6 7

Harney, Ford Are Favored in Canadian Open

KITCHENER, Ont. (AP)—Doug Sanders is the defending champion in the Canadian Open gold championship but Paul Harney and Doug Ford are regarded as better bets for the title as almost 100 pros and amateurs begin play today in the \$25,000 event.

Raademacher Starts Title Bout Training

Has Slimmed Down to 210 Pounds
Fight Is Aug. 22

COLUMBUS, Ga. (AP)—A slimmed-down Pete Raademacher weighing 210, went through a crisp workout at his Lake Huston training camp Tuesday with one eye cocked on his first sparring partner, Herman Harris.

Raademacher, now only slightly above his best fighting weight, has signed to fight heavyweight champion Floyd Patterson for the title in Seattle Aug. 22—provided Patterson gets by Hurricane Jackson this month.

Raademacher will climb in for his first sparring session with Harris next Thursday. Harris, a Negro, has had 21 pro fights and boxed in the East until he was engaged for Raademacher's camp.

Trainer George Chermes also announced that Johnny Regan, a ring-wise youngster who has furnished sparring practice for Patterson, Archie Moore and Bobo Olson, may be brought to Lake Huston.

Regan has worked more than 100 rounds with Patterson and is familiar with his style.

RAADEMACHER, meanwhile, was working with the bags, jumping rope and getting in some roadwork to sharpen up and keep his weight down.

Raademacher put in about an hour session Tuesday, devoting much of the time to work on the bags, both the heavy and the speed bag.

Asked about the proposed offer by New York promoter Teddy Brenner, who wants Raademacher to meet Argentina's Alex Mitoff, the 1935 Pan-American king, Chermes declared:

"We're taking one at a time. In fact, we haven't given it any thought. We are meeting Patterson in Seattle and that's all we know about."

Towell Keeps Title

LONDON (AP)—Willie Towell, the British Empire lightweight champion, retained his title Tuesday night by scoring a 15-round decision over Dave Charnley of England. Towell scored 133½ points to Charnley's 133½.

SPORTS in the SUN

SENECA PATTERSON, Heavyweight Champion Floyd Patterson's seven-month-old daughter, bursts into tears as she watches her daddy take a punch from a sparring partner as he trains for his title defense in New York, July 29, against Hurricane Jackson. Holding Seneca at Floyd's training camp at Greenwood Lake, N.Y., is Patterson's wife, Sandra. (International).

Wrong Guessing, Second Guessing is Story of Game

By ED SAINSBURY
United Press Sports Writer

ST. LOUIS (AP)—Wrong guessing and second guessing told the tale of the All-Star Game, a 6-5 win for Casey Stengel's American League team to break a two-game, victory streak by Brooklyn Dodgers manager Walter Alton and the National League.

Stengel didn't want to start rookie right hander Jim Bunning of Detroit Tuesday. And he wanted to keep Boston's Ted Williams in left field for offensive punch.

HE WANTED to open the game with Cleveland's veteran Early Wynn, and he would have, except that Wynn pitched seven innings Sunday and Stengel feared he would be tired.

So Bunning was the standout of the 12 hurlers who appeared. He retired nine men in order and got credit for the win when his mates got two runs in the second inning. Wynn gave up three hits and two runs later in one-third of an inning.

Stengel partially carried out his strategy with Williams. He let the Boston star step to the plate four times, and he walked once and went out three times. Then, nursing a 3-2 lead, he put Chicago's Minnie Mingo into left field for defensive purposes.

Mingo starred both on offense and defense. He rapped a double off the right center field wall in the ninth inning to drive home Al Kaline of Detroit with what proved to be the winning run.

Defensively, Mingo turned in two key plays. When the National League was threatening to tie in

Willie Vaughn Feels Ready For Fight

Hopes to Defeat Chebo Hernandez In Bout Tonight

CHICAGO (AP)—Willie Vaughn was "almost 100 per cent sure" that a store of ring savvy he has picked up in the past two years will carry him to his first victory in three clashes with Chebo Hernandez when the two middleweights fight tonight in a televised 10-round bout at the Chicago Stadium.

The Los Angeles boxer thus far hasn't been able to do any better than draw with Hernandez. That was in their first meeting in 1953. A year later, the Mexican slugger knocked out Vaughn in the second round at Hollywood.

Vaughn's best ring effort came last March 27 when he was awarded a decision over Joey Giardello at Kansas City, Mo., and then had to settle for a draw when it was discovered one of the officials was scoring the bout under an outmoded system.

The Hernandez-Vaughn affair is a substitute match for the originally scheduled Bob Baker-Eddie Machen heavyweight 10-rounder, which was put off until July 24 when Machen came down with oriental flu.

Minor Moguls Meet on Majors

ST. LOUIS (AP)—The minor leagues, faced with a wholesale series of franchise shifts if the Brooklyn Dodgers and New York Giants decide to go to California, met with Baseball Commissioner Ford Frick today to lay the groundwork for their future operations.

The presidents of the top seven minor leagues in the nation were summoned by Frick to the conference.

TV Franchise Up for Decision

LOS ANGELES (AP)—The City Council today was scheduled to consider granting Skiatron TV Inc. a franchise to operate a closed circuit television station here to telecast baseball games and other sporting events.

Skiatron officials earlier announced that they were negotiating a contract with the Brooklyn Dodgers to telecast the major league baseball team's games if the club moves here.

Double Pays \$2,833

OCEANPORT, N.J. (AP)—Cosette scored at \$276.00 straight in the second race at Monmouth Park today after Mighty Oak won the opener at \$14.20 for a \$2,833.60 daily double—the second largest in the nation this year. Cosette's straight price set a new high for the year.

That McDaniel victory smile—Von (left) and Lindy.

The McDaniels in Action—Von (left) and Lindy.

THOSE SLIGHTLY sensational St. Louis Cardinal "bonus baby" brothers—Von McDaniel, 18, and his big brother, Lindy, 21, have gotten away to such a dazzling start as pitchers for the Red Birds that happy St. Louisans are wondering if their eventual record may not top that of the fabulous Dean brothers, Jerome and Paul (Dizzy and Daffy), of yesteryear. In 1934 the Deans virtually won a World Series for St. Louis all by themselves—each one winning two games. (International).

Hutchinson Predicts Cards To Be Better in Second Half

By JERE COX
United Press Sports Writer

ST. LOUIS (AP)—Manager Fred Hutchinson, whose St. Louis Cardinals have been one of the biggest surprises of 1957, thinks his club "will be even better in the second half."

Hutchinson, the 37-year-old former star Detroit pitcher, had just seen his rejuvenated Cardinals sweep a four-game set with the Cincinnati Redlegs and move 2½ games in front of the National League race at the halfway mark.

"I SINCERELY believe we'll be better in the second half," Hutchinson said. "The players have the confidence and know what each other can and will do."

If the Cardinals do win their first pennant since 1946, it will be a bottom-to-top Cinderella story for Hutch, also known as the "Big Bear" for the way he paces the dugout.

It was five years ago Saturday that Hutch, his right arm sore, inherited the eighth-place Detroit Tigers from Red Rolfe in mid-

season to begin his managing career.

HE RECEIVED A telegram from the late Portland manager Bill Sweeney: "You might have thought it was tough pitching, son, but your troubles have just begun."

Hutch and the Tigers wound up in eighth place. Hutch figured Sweeney couldn't have been more right.

But the Tigers came up to sixth in 1953 and fifth the following year. Then Hutch went to Seattle in 1955 because of a contract dispute and brought home a Pacific Coast League title.

General Manager Frank Lane lured him to the Cardinals where he brought a seventh-place team up to fourth last year.

"THERE HAVE BEEN times when ol' Bill was right," Hutch said as he rested in first place today, "but not right now. It's always nicer when you win."

"A manager is no better than his ball club in general and his pitching in particular."

President Plans To Vacation At Naval Base

WASHINGTON (AP) — The White House announced today that "if and when" the President takes a vacation this summer he will go to the U. S. Naval Base on Coaster's Harbor Island off Newport, R. I.

Ending the guessing about the President's vacation site, White House Press Secretary James C. Hagerty said that the mile-long island, with golf, fresh and salt water fishing and boating available, is the spot picked by President and Mrs. Eisenhower.

Hagerty said it is "possible" that the President may go to the island in Narragansett Bay while the Senate is embroiled in its civil rights debate, expected to last most of the summer.

House Republican leader Joseph W. Martin Jr. said after a GOP leaders' meeting at the White House this morning that if the Senate gave House members permission to recess during the rights debate there would be "no reason why the President could not take a vacation too."

Hagerty said the President, if and when, would fly to Quonset and take the 25-minute ride by boat to the island. At the island, site of the U. S. Naval College and headquarters of the Atlantic Destroyer Fleet, the President would stay at the base commandant's white frame home.

Hagerty said the President would be able to golf at the exclusive Newport Country Club which, by boat and car, is 15 minutes away. By car alone, it is 35 to 40 minutes away. A causeway connects the island with Newport.

A REAL GUSHER is this Palm Springs Water Company well at Caballeros and Alejo Roads, examined by Harold Hicks, water company owner, and Ted Griffith, company superintendent. The well is one of seven capable of producing more than 8,000 gallons of water

per minute for Palm Springs consumers. In addition to well water, huge conduits bring in heavy water run-offs from the San Jacinto Mountains. The ground water line links with more than 150 miles of underground

pipelines that feed water to thousands of outlets throughout the Village. The vast network of pipes and wells is a far cry from the company's meager beginnings in the middle 1920s.

Planning Ahead by Company Has Paid Off in Palm Springs Growth

By AL LE ANCE
Thirty years have passed since Alvah F. Hicks first opened a tap and poured a thin stream of cool water down the parched gullets of this city's early settlers.

Today, several thousand citizens and a few billion gallons later, that slender rivulet has grown into a veritable cataract, easily channeled through the pipelines of Palm Springs Water Company.

But the civic growth launched on Hicks' water comes as no real surprise—it all happened the way that enterprising gent planned it when he founded the company back in the mid-20's.

"PLANNING AHEAD is still our biggest project," Harold J. Hicks, son of the company founder, said today. "We do our best to anticipate the community's growth, and act accordingly."

"Fortunately," the company's current president said with a smile, "we've had no trouble keeping ahead."

However, the pace is pretty furious. Expansion in the past three decades has hit a stride that is perhaps even a bit beyond the first inklings of the senior Hicks.

AT THE CLOSE of 1956, company officials tabulated the year's liquid output and found that they'd pumped out more than two billion gallons of the wet stuff.

By comparison, the early years add up to little more than (you should pardon the expression) a drop in the bucket.

It all really started in 1887, when James Guthrie McCallum worked on the idea that water could be channeled into this arid area. He started work on a stone irrigation ditch designed to bring water 16 miles across the desert from the Whitewater River to an Indian Village and a few settlers.

By 1897 McCallum and his Palm Valley Water Company tapped the water flowing from Chino Canyon and the area started to grow.

BUT WATER reserves were nonexistent and farmers competing for crop irrigation reached for their six-guns when some parties channeled off water for their own use.

Records show that three men died in gunsmoke, and the water company hired guards to watch the irrigation sluice gates—but it was all finally settled when everyone got more water than they wanted.

A flash flood wiped out the ditch, the crops and the settlement. By 1910, the area was almost back to its original state.

However, the settlement was preserved for posterity when Nellie Coffman opened her Desert Inn boarding house and tourists started traveling the dusty trail to Palm Springs.

THEN ALONG came Hicks, who acquired the old Palm Valley Company, changed the name to Palm Springs Water Company and plunged into the task of building a thriving community.

Hicks brought in waters from Snow Creek and Falls Creek through 12 miles of pipeline. By 1930, he was pumping water to 329 consumers, and he was providing for many times that figure.

Which was fortunate, indeed, since by the time 1940 rolled around, 1,294 bill-paying consumers were hooked up to company lines. They managed to use or swallow 300 million gallons of water during that 12-month period.

THE FIGURES were more than doubled in 1950, when 2,788 consumers waded through 1,070,000 gallons of water.

The biggest single period of growth, however, was registered during the past six years, according to Charles McDonald, company manager.

"By 1962, we anticipate 7,000 consumers," McDonald said, noting that this covers only the company's service area. This involves only the immediate municipal area and does not stretch clear to the city limits as some citizens believe.

"We'll move that far some day," McDonald remarked, indicating that day may not be too far in the future.

MOST OF THE company water is pulled from underground deposits lying more than 600 feet below the surface. The distribution work is handled by seven pumping stations, one of which is inoperative and tagged as a "stand-by" pump, strictly for emergencies.

The pumps, all buried under city streets, can shove out as much as 8,250 gallons every minute. One pump in particular, the largest in the Coachella Valley, can put out 2,500 gallons a minute.

In addition, the company channels mountain and streambed water runoffs, adding 2,000 gallons per minute to the daily output.

All of this life-giving water flows to Palm Springs homes and businesses through 160 miles of street mains and pipelines, including conduits that bring in the San Jacinto ground flows.

Campbell Players to Appear At Banning Park Thursday

The Campbell Players of San Bernardino will stage "The Hasty Heart," a three act comedy, Thursday evening, July 11, in the Playhouse Bowl, Repplier Park, Banning, the third time the talented group has appeared on the huge outdoor stage.

The play is a comedy written by John Patrick, author of "Tea House of the August Moon" and "The Curious Savage," the latter having been presented by the Campbell Players during the last summer's "Evenings in the Park" series in Banning. J. Stuart Campbell is directing the play.

One of the featured players in the cast is a star track and field student from Valley College, Homer Roberson, who holds the U. S. high school record for the shot put. He tips the scales at 300 pounds.

"THE HASTY HEART" is the third in a series of eleven outdoor summer programs which will be presented each Thursday evening in the Playhouse Bowl, Banning, up to and including Sept. 5. There is no admission charge to the public.

THE SETTING is the convalescent ward of a British Field hospital in the Orient and revolves about the humorous experiences of a wounded Scottish soldier and his hilarious fellow patients... a Cockney, an Irishman, an American, a New Zealander and others. The turning point of the story comes when he falls in love with Sister Margaret.
